FORECAST

Tropical Boho meets Chic Nautical. Explore a season that proposes Old Money simplicity next to tropical bohemian craft. For the latter, picture free-spirited styles with beads and intricate crochet materials, weaving a narrative that resonates exoticism and craft like no other. While as a contrast, clean outlines carve out chic scooping necklines and sharp squares on bikinis and swimsuits in a minimalistic aesthetic that exudes sophistication. Drawing inspiration from the '80s, nautical glam takes center stage with high-waisted, high-cut pants and V-shaped looks and slim knotted bandeaus to add a touch of vintage allure. Meanwhile, a nod to the Y2K era maintains the strappy, barely-there styles and the playful swim skirts, bringing a contemporary flair to the overall collection. This season celebrates two diverse directions, one of classic elegance and one of bohemian whimsy, both inviting to revel in a timeless and versatile swimwear experience.

This forecasting report is realized crossreferencing LIVETREND data from several sources to empower the expertise of our Trend Analysts to forecast the trends with concrete and quantitative information. Find the related data sources and icons on the last slides.
