Comfortable Classics.

For SS25 menswear, footwear blends classical styles and contemporary comfort. Apron toes are up by 360%, including boat shoes and squared loafers as new staples. Ankle boots have surged by 98%, opting for both combat and slim eleganter styles. Slippers and monk flats have increased by 156%, exuding a minimal babouche vibe. Sandals maintain stability with a subtle 13% rise, showcasing luxurious leather options with crossed straps. Edgier Mary-Janes have seen a remarkable 348% increase, moving into the commercial space and replacing fisherman sandals. Overall, the range is expanding far beyond sneakers to include boots and more comfortable unstructured derbies/loafers crafted from soft leathers. For sneakers, slimline designs and gorpcore runners manifest as key, while new retro icons like the Adidas Superstar or the cleated runner make a solid return. SS25 is here to merge moderncomfort with a nod to chic heritage.

This report is based on data extracted from the Spring/Summer 2025 of NY, London, Milan, London and Paris with 100 collections analyzed and 20000 products scanned by AI. The % shows the trend growth compared to SS24. Find the relating icons & stamps on the last slide
